Auto segment to power M&M's near-term gains

Q1 operating performance missed estimates over lower gross margins

RAN PRASAD SAHU
Mumbai, 31 July

The results of auto major Mahindra & Mahindra (M&M) for the first quarter of financial year 2026-27 (Q1FY27) missed consensus estimates. While revenue growth was strong, operating performance fell short of expectations due to declining gross margins. However, the company is confident given strong underlying demand represented by robust booking as well as enquiries across its sports utility vehicle (SUV) portfolio.

While the farm equipment segment may face headwinds on demand and margin fronts, the auto segment is better placed given sustained demand momentum and price hikes, which could help maintain or improve margins. Most brokerages are bullish on the stock given market share gains in auto and resilient outlook for Q3/Q4. The stock surged over 3.6 per cent, making it one of the Sensex's top three gainers during the trading session on Friday. At current price, it is trading around 22 times its T28 earnings.

Led by the auto segment, overall revenue increased by 23 per cent year-on-year (Y-o-Y) and was in line with estimates. Auto segment revenues registered a growth of 24 per cent, led by an 18 per cent uptick in volumes, while the rest was on account of higher realisations. Revenues from the farm segment improved by 19 per cent, and this was entirely on account of volumes as realisations remained flat.

The company maintained its leadership position in light commercial vehicle (52 per cent), tractor (44.9 per cent), and electric three-wheeler (35.5 per cent) segments. In the SUV space, it has a market share of 25 per cent, which was up 50 basis points (bps) on a sequential basis. Electric SUVs accounted for about 12 per cent of its volumes in Q1FY27. Given robust demand, the com-

In low gear

pany is ramping up capacities in the second half (H2) of FY27. It is adding 10,000 units in the internal combustion engine (ICE)-powered vehicles and 4,000 units in battery electric vehicles (BEVs) ahead of launches in FY28. Over the longer term, it plans to double its utility vehicle capacity to 132,000 units per month by FY31.

On the farm equipment side, the company pointed out that tractor demand remains healthy as of now given the higher mechanisation on account of labour shortages, rabi cash flows, and higher government spending.

Even as topline growth was strong, the operating performance was muted. The uptick in operating profit was limited to 5 per cent and was below estimates on account of commodity inflation and market-

market losses on hedges. Overall operating profit margin contracted 210 bps to 12.2 per cent. While the auto segment margin fell by 180 bps to 7.1 per cent, farm segment profitability was lower by 130 bps to 18.5 per cent.

The company is negotiating some of the cost pressures by price hikes and cost-optimisation initiatives. It is expecting margins in the auto segment to improve, though it will depend on input cost trajectory. In the EV business, medium-term profitability will be driven by pricing power, economies of scale, and cost efficiencies.

Given the commodity-led margin pressures, Emkay Research has cut FY27-FY28 earnings per share by 2-4 per cent. The brokerage has, however, retained its "buy" rating on the stock, with a target price of ₹4,100 given the robust underlying SUV demand.

For CLSA, M&M remains its top pick in the auto space on account of sustained utility vehicle market share gains driven by strong execution and upcoming launches. It also expects a resilient tractor outlook, with volumes up 19 per cent Y-o-Y in Q1FY27. The other triggers, according to CLSA, are strong traction in the BEV space and ongoing capacity expansion to support demand. It has upgraded the stock to "outperform", with a target price of ₹4,588.

How to stop scam texts from draining your bank account

SANJAY KUMAR SINGH

Text-message scams affecting Indian banks rose 146 per cent between the second half of 2025 and the first half of 2026 compared to the year-earlier period, according to BioCatch, a fraud-detection technology company used by banks and financial institutions. Beware of such messages as they often try to prompt users to disclose credentials, approve payments, install malware or surrender phone access.

Why text scams work

Texts bypass email filters and reach every phone instantly. They are cheap to distribute widely, offer high returns even at low conversion rates, and benefit from the growing volume of monetary transactions over mobile phones. Fraudsters misuse the credibility enjoyed by trusted institutions. "Their messages land in the same inbox where banks send OTPs and transaction alerts, allowing them to borrow the trust associated with genuine communication," says Srivinas L, joint managing director and chief executive officer, 63SATIS

Cybertech. Text has also gained ground because voice calls are easier to trace and block.

Common scams

Investment scams involve fake trading applications that show fictitious profits but block withdrawals. Romance scams build trust before introducing bogus investments. Banking impersonation scams try to harvest one-time passwords (OTPs). "Unified Payments Interface (UPI) impersonation scams induce users to approve fraudulent payment requests," says Subhashish Bose, director, global advisor, BioCatch. Digital-arrest scams impersonate the police or Central Bureau of Investigation (CBI) and demand transfers to a supposed holding account. "Messages impersonating law-enforcement agencies or tax authorities use the threat of official action," says Vikram Babbar, partner, EY Forensic & Integrity Services — financial services.

Malicious Android Package Kit (APK) files may appear as traffic communications, such as electricity bills or wedding invitations. Once downloaded, they can read OTPs and

harvest bank credentials.

Mule scams disguise illicit transfers as work-from-home jobs. Some scammers ask victims to scan a QR code supposedly to receive money.

Spot warning signs

Short deadlines, shortened URLs, misspelt domains and odd web addresses should raise suspicion. "A message creating urgency is the hallmark of a scam," says Prashant Mall, cybercrime lawyer.

Requests for OTPs, passwords or a personal identification number (PIN), unsolicited loan or investment offers, and 10-digit numbers claiming to represent banks or government bodies are warning signs. Treat with suspicion links to download files.

"A scripted conversation seeking OTPs, phone access, or KYC information indicates fraud," says Babbar.

Verify independently

Never verify a message using the

Act fast after a fraud

- Report the fraud immediately on 1930 or cybercrime.gov.in
- Notify your bank or payment provider without delay
- Preserve screenshots, call logs and other evidence
- Scan your mobile phone for malware and switch on flight mode if a remote-access application was installed
- Act quickly, as recovery depends on whether banks can freeze the funds before they are transferred

links or contact details in it. "Verify a request through the bank's official website, mobile application, or customer care number," says Mall. Users may also call the number on their debit card or passbook. Check alerts on the bank's official app or website. "Verify messages claiming to come from the Reserve Bank of India (RBI) or the Indian Cyber Crime Coordination Centre (4C) through their official webpages," says Bose. Check call logs and bills on official portals. Confirm whether a sender indeed uses a particular promotional, service or transaction sender identifier.

Keep your guard up

Pause before responding. Never click an unsolicited link or use one to update banking information, whether it arrives through short message service (SMS), WhatsApp or another messaging application.

Reject requests for your UPI PIN. "Remember that a UPI PIN is used only for sending money, not receiving it," says Srivinas.

Download applications only from Google Play or the Apple App Store. Never install a file, remote-access application or APK sent by a supposed bank representative. Do not share OTPs, PINs, authentication codes, card numbers, card verification values (CVVs), KYC details, security answers, internet-banking passwords or Aadhaar-based authentication credentials through SMS, email or phone calls. Do not grant phone access in response to a scripted conversation.

Finally, report doubtful messages through the Sanchar Saathi portal and block suspicious senders.

Home possession delayed? Rera can help you claim compensation

Homebuyers facing delayed possession, broken promises or other violations by a developer can approach their state's Real Estate Regulatory Authority (Rera) for relief. While the exact procedure may vary across states, the complaint process is largely similar and can be completed online through the respective state Rera portal.

Read full report here: mys.in2g7g7g

How to file a complaint

- Visit your state's Rera website and register as a complainant by creating an account.
- Complete your profile with the required personal details.
- Select the type of complaint and enter details of the builder or developer. If the project is Rera-registered, some project information

may be auto-filled.

- Upload key documents, including the builder-buyer agreement, payment receipts, correspondence with the developer, a statement of facts and the details of the relief sought.
- If someone is representing you, upload the authorisation letter or vakalatnama, wherever applicable.

- Declare that the matter is not pending before another court or tribunal.
- Review the complaint, pay the prescribed fee online and submit it through the portal.
- Keep copies of all documents and monitor the complaint status on the Rera portal for updates or hearing notices.

CORRESPONDENCE TO THE NOTICE OF EXTRA-ORDINARY GENERAL MEETING

Notice is hereby given that the Company has issued a Corrigendum to the Notice convening the Extra-Ordinary General Meeting ("EGM") of the Members of the Company to be held on Wednesday, 12th August, 2026 at 11:30 A.M. (IST) through Video Conferencing ("VC") (Other Audio Visual Means) ("OAVM").

The Notice of the EGM was dispatched electronically to the Members on 21st July, 2026. The Corrigendum has been issued to incorporate amendments to Points 6(a), (vi), (vii) and (viii) of the Explanatory Statement relating to Item No. 1 of the Notice. The amendments relate to certain disclosures in connection with the proposed preferential issue of Warrants and do not affect the issue size, the number of Warrants proposed to be issued, the pre-issue or post-issue share capital of the Company, or any other resolution contained in the EGM Notice.

The Corrigendum forms an integral part of the Notice of the EGM and shall be read in conjunction therewith. Except as modified by the Corrigendum, all other terms and contents of the Notice of the EGM shall remain unchanged.

The Corrigendum has been sent electronically to the Members and is also available on the website of the Company www.sangamgroup.com, the websites of BSE Limited (www.bseindia.com) and National Stock Exchange of India Limited (www.nseindia.com), on the website of Central Depository Services (India) Limited (CDSL) (www.evotingindia.com).

Members are requested to read the Corrigendum together with the Notice of the EGM. The Corrigendum may also be accessed by scanning the QR Code provided below.

NOTICE OF ANNUAL GENERAL MEETING

This is to inform that the Annual General Meeting ("AGM") of the Members of BMW Ventures Limited ("the Company") is scheduled to be held on Monday, August 24, 2026, at 2.15 p.m. through Video Conferencing ("VC") (Other Audio Visual Means) ("OAVM") and being provided by Central Depository Services (India) Limited ("CDSL") in compliance with applicable provisions of the Companies Act, 2013 ("the Act") and Rules framed thereunder and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") to transact the business as set out in the Notice convening the AGM.

The Notice of the AGM has been sent electronically on Friday, July 31, 2026, to those Members whose e-mail addresses were registered with the Company/Registrar and Transfer Agents ("the Registrar")/Depository Participants ("the DPs"). As per the SEBI Circular, no physical copies of the Notice of the AGM shall be sent to any Member. However, a letter with the details to access the Notice of AGM will be sent to all the Members whose email address is not registered with the Company/Depository Participants and Transfer Agent.

The Notice of the AGM is available on the website of the Company www.bmwventures.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com, respectively, and on the website of Central Depository Services (India) Limited (CDSL) i.e. www.evotingindia.com.

Members can attend and participate in the AGM through VCO/AVM facility only, the details of which are provided by the Company in the Notice of the AGM. Members attending the AGM through VCO/AVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

E-VOTING

In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India and Regulation 44 of the SEBI Listing Regulations, Members have been provided with the facility to cast their votes on the resolution(s) set forth in the Notice of the AGM using an electronic voting system (remote e-Voting). The Company has engaged the services of CDSL for participation in the AGM through VCO/AVM and providing facility for remote e-Voting and e-Voting at the AGM. The voting rights of Members shall be in proportion to the equity shares held by them in the paid-up equity share capital of the Company as on Friday, August 14, 2026 (the "Cut-off date").

The manner of remote e-Voting and e-Voting at the AGM by the Members holding shares in the dematerialized mode, physical mode and for Members who have not registered their email addresses is provided in the Notice of AGM.

The remote e-Voting commences on Thursday, August 20, 2026, at 9.00 a.m. (IST) and will end on Sunday, August 23, 2026, at 5.00 p.m. (IST). Members may cast their votes electronically during this period. The remote e-Voting shall be disabled by CDSL thereafter. Those Members, who shall be present in the AGM through VCO/AVM facility and had not cast their votes on the resolution through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting at the AGM. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.

The Members who have cast their votes by remote e-Voting prior to the AGM may also attend/participate in the AGM through VCO/AVM but shall not be entitled to cast their votes again.

The Members of the Company holding shares either in physical demat form and who have not registered/updated their e-mail addresses with the Registrar/DPs are requested to follow process for procuring user id and password and registration of e-mail ids for remote e-Voting for the resolution, as set out in the Notice of the AGM.

In case of any queries or issues regarding e-Voting, Members can also refer the Frequently Asked Questions (FAQs) for Shareholders and e-Voting user manual for Shareholders available at the download section of www.evotingindia.com or contact Mr Rakesh Dalvi, Sr. Manager, CDSL, for all grievances connected with the facility for voting by electronic means by sending request at helpdesk.evoting@cdslindia.com or call on 022-48867000.

The result declared, along with the Scrutinizer's Report shall be placed on the Company's website www.bmwventures.com and on the website of CDSL www.evotingindia.com immediately. The Company shall simultaneously forward the results to BSE Limited and National Stock Exchange of India Limited, where the share of the Company is listed.
